

▶ 10 REASONS TO BE A SMARTCLINICS GP

We asked our own GPs... 'what makes working at SmartClinics so good?'

1. **No Lock-In Contracts:** there are flexible, clear and non-restrictive terms. I practice my way!
2. **Competitive Rates plus Relocation Assistance:** to ease the strain of moving*
3. **Beautiful Clinics!** (We can send you a link to a virtual walkthrough to see the difference).
4. **Flexibility:** Part-time, Full-time and Locum opportunities across Queensland and Tasmania.
5. **24/7 Support:** On-site Admin, Nursing, Allied Health plus a National Support Office.
6. **Marketing and Internal Referrals:** With this support from our network, I can focus on my special interests.
7. **Good Vibes:** I have full patient base and still get that family practice feeling.
8. **Partnership Opportunities:** I own a share of the clinic and earn additional income.*
9. **Workplace Options:** I can easily move between clinics and work across a number of sites.
10. **Growth Options:** There are 30 clinic locations and we are still growing.
